

E1503- Arcus 42 Stone Bollard Light - Granite

Description

Arcus 240v bollard light has a built in 6w warm white LED providing glare free lighting along paths, driveways and around decking and terraces. The Arcus may be bolted to paving and slabs or to an optional Ground Mount (E1021) which can be installed in concrete prior to electrical installation. An optional Ground Spike (E1024) is available for installation in planting and lawn areas.

Colour/ Finish	Hand crafted solid granite
Exterior Dimensions	400mm tall and 150mm square.

IP55	Built-in LED	3000K
500 lm	Wide beam	

Installation guidelines

Requires installation by a qualified electrician. 240v cable connection via junction box outside the base of the fitting. Using a single RCD for large numbers of 240v fittings is not recommended due to the risk of nuisance tripping. We advise the use of separate RCD protection for each circuit and a maximum of 12 fittings per RCD.

5 YEAR WARRANTY

Solid granite bollard

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials. Granite may discolour naturally over time. Damage due to incorrect installation practices. Responsibility for 3rd party cost; indirect or consequential loss.
