

E3411WW- Navigator Eye - Stainless Steel - 12v - Warm White LED - Eyelid

Description

E3411WW is a low energy, high output warm white LED deck and recessed light which consumes a small amount of power and stays cool to the touch. The warm white LED produces a wide 80° beam diffused by the 28mm diameter frosted lens to provide soft lighting compatible with the colour of halogen garden lighting. Install it to light across individual steps or in a wall about 40cm above a patio or deck.

Electrical data	Power consumption 1.4w 3000K warm white 101lm output. Navigators should be powered by 12v dc power supplies or wire wound transformers. <i>Do not use electronic transformer to power Navigator led lights.</i>

 Wide beam	12v 1w	
IP65	Built-in LED	Pre-wired 1m

Installation guidelines

Navigator lights can be arranged in custom layouts using cable joint kits and 1.5mm cable supplied by the reel, which is more flexible than kit-type products. Connect to end of a low voltage cable using T9962 cable joint kit; for splicing into a run of cable use T9963 cable splice kit.

2 YEAR WARRANTY

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials.
Corrosion due to exposure to salt or chlorine.
Damage due to incorrect installation practices.
Responsibility for 3rd party cost; indirect or consequential loss
