

E6611 – Midas Tapered Spreadlight – Satin Chrome -12v

Description

Elipta Midas spreadlights provide a wide soft pool of light for the illumination of paths or steps and around the terrace, drive and lawn. These 12v IP66 spreadlights hide the light source under the shade for low glare lighting, providing a pool of light about 4m in diameter.

Colour/ Finish	High-grade spun copper shade and stem with a brushed chrome finish
Exterior Dimensions	540mm high and shade 245mm wide.
Cable	Prewired with 1.5m 1.0mm ² HO7RN-F

Installation guidelines

Connect fitted 1.5m cable to low voltage supply cable by crimped heat shrink joint - order cable joint kit T9962 separately. Connect into a cable run supplying several fittings with a T9963 cable splice kit, which is also used for all connections where 4mm low voltage cable is used for longer cable runs.

12 volts - requires power from a remote transformer.

2 YEAR WARRANTY

Anodised aluminium body

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials.
 Corrosion due to exposure to salt or chlorine.
 Damage due to incorrect installation practices.
 Responsibility for 3rd party cost; indirect or consequential loss.
