

Elipta E8311L- Waymarker 180 - Stainless Steel - 12v

Description

Elipta E8311L is a stylish 12v recessed light with 2 windows providing 180 degree lighting to one side of the top plate. It is useful where you want to cast a corona of light across a path or drive edge without casting light backwards onto planting or other finishes behind. The light is located by an "O" ring on the body into a sleeve tube so that no external screw fixings are visible. It may also be used as a deck light.

Electrical data	12v Retro-fit MR16 LED 2 metre x 2 core HO7RN-F cable.
Colour/ Finish	316 Grade Stainless Steel top with powder coated aluminium body.
Exterior Dimensions	88mm diameter protruding 20mm from ground, comes with a 120mm x 67.5 mm plastic sleeve.

 Beam 30°-60°	12v MR16	
IP65	Retrofit LED	Pre-wired 2m

Installation guidelines

The plastic sleeve is built into the wall during construction or retrofitted into a hole cut with a coring bit: the light pushes into the tube, where it is held firmly in place by an "O" ring, leaving a front plate with no visible fixing screws. Recess depth 120mm. Waymarkers should not be installed in ground subject to waterlogging.
