

E9773WW- Elipta 30w Compact Floodlight IP64 - 240V -2700lm - Warm White - 3000k - Black

Description

Compact Flood LED is an adjustable 240v led floodlight with a die-cast aluminium body and mounting bracket powder-coated in black. It has a high efficiency 30w COB led providing light output equivalent to a 200w halogen lamp in an even 110 degree beam for wall washing, uplighting spreading trees and downlighting for security lighting.

Electrical	240v 30w 2700Lm 3000k Warm White - CRI 80
Colour/ Finish	Black Powder Coated Aluminium
Exterior Dimensions	150mm x 120mm.

Built-in LED	240v Pre-wired 2m	IP64	35,000 hours
Beam 110°		2700 lm	3000K

Installation guidelines

Stirrup bracket mounts on walls or the optional E2530M ground spikes. A 2m input cable is provided for connection to the mains supply via a separate weatherproof socket, junction box or underground joint kit (not supplied).

Using a single RCD for large numbers of 240v fittings is not recommended due to the risk of nuisance tripping. We advise the use of separate RCD protection for each circuit and a maximum of 12 fittings per RCD.

**3 YEAR
WARRANTY**

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials. Corrosion due to exposure to salt or chlorine. Damage due to incorrect installation practices. Responsibility for 3rd party cost; indirect or consequential loss
