

LD4066362 - Elipta Greenwich Bollard - Solid Brass - 63cm

Description

The Greenwich 240v bollard light has a nautical style, made from solid natural brass to withstand coastal conditions. The lamp is enclosed in a sturdy ribbed glass dome providing a full 360° spread of light. It accepts E27 LED lamps. The polished brass un-lacquered finish can be allowed to weather naturally or it can be cleaned with brass polish.

Electrical	240v Retro-fit E27
Colour/ Finish	Solid Natural Brass
Exterior Dimensions	140mm x 630mm.

Installation guidelines

Pre-wired with 2m rubber cable for connection via T9969 underground joint kit: the installer may shorten the fitted cable to make a connection inside the base of the light.

Using a single RCD for large numbers of 240v fittings is not recommended due to the risk of nuisance tripping. We advise the use of separate RCD protection for each circuit and a maximum of 12 fittings per RCD.

5 YEAR
WARRANTY

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials.
Corrosion due to incorrect installation practices.
Responsibility for 3rd party cost; indirect or consequential loss.
