

LD438G962 - Elipta Chatham Outdoor Wall Light - Solid Brass

Description

Chatham outdoor wall lights are small surface mount luminaires for step, path and patio lighting where 240v installation without transformers is required.

A G9 240v LED capsule lamp of 3 watts is recommended. Construction is from solid brass with a frosted, toughened glass diffuser to give a soft, wide spreading light.

Electrical	240v Retro-fit G9 capsule lamp
Colour/ Finish	Solid Natural Brass
Exterior Dimensions	140mm diameter x 50mm thick.

Installation guidelines

Screw back plate to wall using fixings provided. Connection is made inside the fitting. T9990 Outdoor Sealant – Black - 75ml is recommended to seal fixings and around back plate.

Using a single RCD for large numbers of 240v fittings is not recommended due to the risk of nuisance tripping. We advise the use of separate RCD protection for each circuit and a maximum of 12 fittings per RCD.

5 YEAR WARRANTY

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials.
Corrosion due to incorrect installation practices.
Responsibility for 3rd party cost; indirect or consequential loss.
