-------------------	-----------------------------

Colour/ Finish	Antique Lacquered Solid Brass
-----------------------	-------------------------------

Exterior Dimensions	220mm x 320mm
----------------------------	---------------

Installation guidelines

Screw back plate onto wall using fixings provided. Seal wall fixing holes and cable entry with suitable outdoor sealant – T9990 Outdoor Sealant is recommended.

Using a single RCD for large numbers of 240v fittings is not recommended due to the risk of nuisance tripping. We advise the use of separate RCD protection for each circuit and a maximum of 12 fittings per RCD.

**2 YEAR
WARRANTY**

Exclusions: Damage by machinery, animals or the use of incorrect cleaning materials. Corrosion due to exposure to salt or chlorine. Damage due to incorrect installation practices. Responsibility for 3rd party cost; indirect or consequential loss
