

T9968A – Elipta Resin Burial sealant pack 350ml

Installation notes

This polyurethane is specially designed for cable joints up to 1000V.

It has good anti corrosion properties and shows excellent adhesion to metals, ceramics, and many different plastics.

Safety notes

- Personal protective clothing (gloves, eye protection) should be worn.
- Ensure adequate ventilation is available.
- Mild irritation may occur should skin contact occur, in which case immediately wash affected area with soap and water, seeking medical advice if reaction persists.
- If in contact with eyes, bathe the eye with running water for 15 minutes, and seek medical attention if discomfort continues.
- Harmful if inhaled – if a tightness of the chest, a cough develops, or shortness of breath occurs after using this product seek immediate medical advice.
