

## PG8B - Elipta Taurus II Spike Spotlight

### Installation notes

Ensure mains supply is isolated prior to installation of this product.

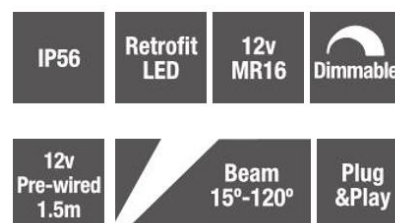

PG8B connects to the Elipta Plug & Play transformers via the Plug & Play extensions cables, 3 or 5-way adaptors or junction box.

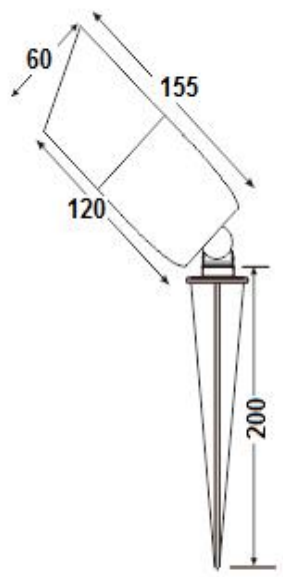

An IP68 connection may be achieved by using either the GLWJB IP68 junction box or GLWCC waterproof cable connector.

Refer to the instruction manual for further guidance.

**Note** – This product must be installed by a qualified electrician.
