

E4013BN – Strap-on Tree Mount Bracket (Floodlights)

Installation notes

E4013BN strap-on tree mount converts the Elipta Compact Spike Spotlight to an adjustable tree mounted spotlight, typically used for moonlighting and downlighting from trees.

Fit Floodlight onto the centre bush of the E4013BN. Tighten the lock nut against the hollow threaded section of the spike spotlight to secure its position. Secure one end of a strap to one of the side stud fixings with the wing nut and washer supplied. Stretch the strap around the tree branch or trunk and slot the hole in the other end of the strap over the second stud, ensuring the chosen strap size provides a secure fit: secure the strap with the wing nut and washer supplied. Cable connections can be made using a T9962 Cable Joint Kit, T9963 Cable Splice Kit or a T9966 IP68 in-line connector or any IP rated junction box.

Part code	E4013BN
Dimensions (mm)	61x36
Construction	Aluminium
Finish	Black powder coat
Net weight (g)	97
Warranty	2 Years
Origin of manufacture	PRC

2 YEAR WARRANTY
